

# NON-DESTRUCTIVE EXAMINATION

## PRECISION. SAFETY. RELIABILITY.

Global Inspections, LLC is dedicated to advancing safety and quality through innovative Non-Destructive Examination (NDE) solutions. Our services support both onshore and offshore operations, ensuring asset integrity while reducing risk and downtime. Equipped with mobile radiography rigs and staffed by certified technicians, Global Inspections delivers accurate, efficient, and dependable results, helping clients maintain the highest standards of performance and safety across every project.

### ONSHORE/OFFSHORE SERVICES OFFERED:

- ▶ Radiographic Testing (RT)
- ▶ Magnetic Particle Testing (MT)
- ▶ Liquid Penetrant Testing (PT)
- ▶ Ultrasonic Testing (UT)
- ▶ Ultrasonic Thickness Testing (UTT)
- ▶ Specialty Testing
- ▶ Positive Material Identification (PMI)
- ▶ Visual Testing (VT)
- ▶ Mechanical Integrity
- ▶ Hardness Testing
- ▶ Rope Access

### NDE FACILITIES:

- ▶ Galliano
- ▶ Abbeville
- ▶ Franklinton
- ▶ Lafitte

Global Inspections operates multiple mobile radiography rigs, each equipped with a darkroom, enabling fast response and efficient on-site testing.

## ABOUT US

Established in 2025, Global Inspections, LLC is a trusted provider of advanced Non-Destructive Examination (NDE) services supporting the energy, industrial, infrastructure, and power markets across both onshore and offshore environments. Led by a management team with more than 20 years of field experience, we combine technical expertise with a strong commitment to safety, quality, and performance. Our certified technicians utilize state-of-the-art equipment and proven inspection techniques to ensure asset integrity, reduce downtime, and maintain the highest operational standards. At Global Inspections, we take pride in delivering accurate, dependable results that keep our clients' operations safe, compliant, and performing at their best.

## SAFETY

At Global Inspections, safety is the foundation of everything we do. Our team is committed to protecting people, property, and the environment through disciplined processes and industry-leading Non-Destructive Examination (NDE) practices. Every inspection is performed with precision and purpose, ensuring the highest level of asset integrity while minimizing risk and downtime. From our mobile radiography rigs to our certified technicians in the field, safety guides every decision, every procedure, and every result we deliver.
